

HAWK HEADLINES

Game Night

Thursday, March 23 we hosted our first Community Game Night. Thank you to all who attended! We had several students playing competitive games of nine-square. Families and students enjoyed hot dogs and snacks. CNA students also took participants' blood pressure as a service to the community.

Welcome

Sandoval's School Improvement Team welcomes three new team members: Mrs. Lolita, Mrs. Meghan, and Mr. Brandon!

Mrs. Lolita is our on-site mental health counselor through the Community Resource Center and provides counseling services to students in both buildings. **Fun Fact:** Mrs. Lolita is a loud snorer!

Mrs. Meghan is the district's Community Support Specialist and works with students and families to find resources in surrounding areas to meet their needs. **Fun Fact:** Mrs. Meghan rides horses competitively!

Mr. Brandon is the district Parent-Community Liaison; Mr. Brandon works with the school and families to get community feedback on local needs. He also creates family activities, hosted by the school, for the community to attend. **Fun Fact:** Mr. Brandon was the first baby born in Illinois in 1991! Mr. Brandon and Mrs. Meghan are also in the process of creating an After-School Program. Stay Tuned for more information!
